

What to do now

Miyajima has been revered since time immemorial as an island where the gods are always present. Littering damages the island as well as the cultural assets and nature scattered throughout the island.

Why don't you do one thing you can do now to preserve Miyajima Island,
which has been protected since ancient times, for the future?

Please do not bring garbage onto the island.

We ask for your cooperation in disposing of your trash in the trash cans
at the Miyajima Pier Passenger Terminal.

Garbage from the island is,

or

To the store
where you purchased the product

To the 3 trash cans

Hatsukaichi City will install **three trash cans on the island.**
