Hatsukaichi City Central Civic Center Vacancy Information

Happy New Year.

At the beginning of the year, I would like to extend my best wishes for the New Year. I

would like to express my sincere gratitude to everyone in the community for their continued understanding and support in the operation of the Civic Center and the execution of various projects.

Now, when it

comes to "Eto", most people probably think of animals such as Rat, Ox, Tiger, and Pig.

However, the Chinese zodiac is a combination of the ten heavenly stems (jikkan) and the twelve earthly branches (junishi). This year's symbol is "Hinoe-uma," a combination of the heavenly stem "hinoe" and the earthly branch "uma." "Hinoe" symbolizes sun-like brightness, passion, and determination, and has the ability to expand things. "Uma" is likened to a horse, symbolizing health, bountiful harvests, and development, and signifying crossover and transformation.

This combination is said to represent a year of passion and strong will, but also of intensity and change. The Central Civic Center will continue to fulfill its role as a place for lifelong learning and a hub for community development. All staff will work together to make this year even more "reassuring like the warmth of the sun" and "energy like a horse." We ask for your continued support and cooperation. We wish you all a bright and energetic year, and we wish you continued health, happiness, and the development of the community.

Starting today, parents and children can enjoy shopping and eco-friendly cooking together. I had fun learning about what I could do.

A course to deepen understanding of hikikomori

16 participants on November 29 (Saturday)

Hikikomori can happen to anyone, from young people to middle-aged and elderly people. This can lead to the individual and their family being isolated in the community. In order to prevent this, we must deepen our understanding of "hikikomori" and What should we do? Who can we talk to? What can we do? We thought together about this.
